 [GUNASEKHAR5](#)  [Portfolio](#)

TECHNICAL SKILLS

Languages: C, C++, Java, Python, PostgreSQL, JavaScript, HTML, CSS

Frameworks & Tools: React.js, Node.js, Git, VS Code, Eclipse

Concepts: Data Structures, OOP, DBMS, Operating Systems, Web Development

PROJECTS

CodePad | *Java Swing, ProcessBuilder, File I/O, Multithreading* | [GitHub](#)

- Built a lightweight multi-language code editor supporting .txt, .c, .cpp, .h, .java, and .py files
- Designed a multi-tab UI in Java Swing with autosave and keyboard shortcuts.
- Integrated ProcessBuilder for compiling and running C, C++, Java, and Python via Command Prompt
- Added smart file handling with JFileChooser and dynamic file-type detection
- Supported multi-file Java projects by compiling all files in a directory

Finance Tracker | *C++, Trees, Linked Lists, Hashing, OOP*

- Developed a CLI-based personal finance tracker with expense addition, search, categorization, and history
- Implemented trees for sorting, linked lists for history, and hash tables for fast lookups
- Designed a modular, object-oriented codebase ensuring scalability and structured financial data management

Spare Change | *React, Node.js, Python (Flask), PostgreSQL* | [GitHub](#)

- Built a full-stack FinTech app that auto-allocates spare change into donation, investment, and savings wallets
- Developed secure REST APIs with Node.js/Express, using JWT authentication and PostgreSQL transactions
- Created a responsive React frontend with react-router and global state for wallet and user management
- Designed a microservice architecture, separating Node.js core logic and a Python/Flask service for ML-based recommendations

Minimal Text Editor in xv6 | *xv6 OS, C, System Calls* | [GitHub](#)

- Designed and developed a lightweight text editor within the xv6 operating system for creating and editing files
- Modified core file system calls to support in-place editing and implemented low-level file handling in C
- Gained hands-on experience with OS-level programming, memory management, and system call interfaces
- Contributed as part of an academic OS project simulating real-world kernel development and testing practices

ACHIEVEMENTS AND CERTIFICATIONS

Python for Data Science – NPTEL

- Completed a government-certified course by NPTEL on Python for Data Science.
- Gained practical experience with NumPy, Pandas, Matplotlib, and preprocessing.

NSS Volunteer, UNIT 11

- Contributed to social awareness programs and designed digital posters for campaigns.

EDUCATION

College of Engineering Guindy, Anna University

Bachelor of Technology in Information Technology, CGPA: 8.55

Chennai, Tamil Nadu, India

Aug. 2023 – Expected May 2027

Sri Surya Junior College (Intermediate)

M.P.C, Percentage: 98.9%

Nagari, Andhra Pradesh, India

Aug. 2021 – May 2023

Sri Saraswathi Vignana Mandir (SSC)

Percentage: 100%

Nagari, Andhra Pradesh, India

Aug. 2010 – May 2021

LANGUAGES KNOWN

• English • Tamil • Telugu
